"A creative project I have done at school"

When my teacher told us that we were going to do a creative project, I was so excited! He told us that we were going to do a pottery project. When we put on our aprons and went to the pottery wheel, I was so excited! I had never used a pottery wheel before, and I couldn't wait to make a vase. I put a lump of clay on the pottery wheel. I used my hands to shape the clay into a vase. It was hard work, but it was also really fun. When I finished, I took my vase to the kiln. The kiln makes the clay hard and strong. When I got my vase back, I was so proud of it!

Subject: How we are different

I hope this email finds you well. I have a lot of friends at school. Waleed is tall and wears glasses. He's very creative and likes drawing. Aya is very kind – she helps everybody. She has straight hair. She can't hear very well, so she wears a hearing aid. Amany loves drama and has curly, dark hair. She also loves reading and always has books in her hands. Khaled is very sporty, and he's in the wheelchair basketball team. Fawzy is great at math. He has short hair and wears braces. I have great friends. We are all different, but we love each other. Tell me about your school friends. Talk to you soon,

Alaa

There are different competitions from time to time. Nowadays, there is a competition to show how creative children are! They want children between the ages of five and fifteen to send their creative works. Their works will appear in a big art exhibition in the city museum. There are so many different ways children can express themselves. They could send a painting, a photo, a poem, a story or any other creative work.

Question 1

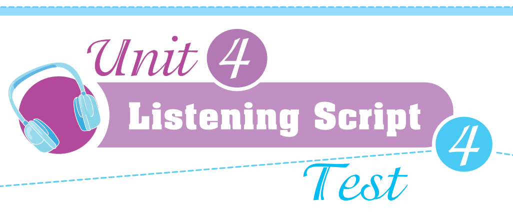

Turtles like to eat flowers and plants. They need clean soil to dig in, too. They sometimes need a heat lamp. This is a special light to keep the turtle nice and warm. They like sleeping in a safe, dark place where the temperature doesn't change.

Question 1

Sagda is in Grade 6. She goes to school from Sunday to Thursday. Sagda likes ICT. She likes to use computers. School starts at 8 am and finishes at 3 pm. She has an hour break for lunch. She usually brings her lunch from home.

Question 1

We are not the same, every one is different. Some of us are good at art, and others are good at music. My friend Aser is tall, but I'm very short. I have straight hair and brown eyes, but Yara has curly hair and blue eyes. It's good that everyone is different.

## Unit 1

### A creative project competition

There are so many different ways to express myself. I can enter a competition using any kind of creative work. I'm making some outdoor art for my creative project competition. I use the things I find around me. For example, I use leaves to make some outdoor art. When it's windy, the leaves and flowers in my art move. The back of the school playground is better to make the art. When it rains, outdoor art looks terrible! I decided to put big cloth over it until the rain stops.

### Tall Tree and the Eye sculpture

Tall Tree and the Eye is a famous sculpture. It is made by Anish Kapoor. It is in Spain. It is about 13 meters tall. It is made of 73 stainless steel balls round spheres. Anish uses stainless steel because it is a very strong material. It is also very shiny. You can see your own face many times when you look at Tall Tree and the Eye. The spheres are arranged in an irregular pattern. This makes them look like bubbles which are floating in the air.

### A school show

Yesterday, it was the school show. It was great. I was in a play because I like acting. Tamer was the photographer for the school show. When each person was on stage, Tamer took photos. The play was about a family at home in the living room. We needed some furniture like a sofa, a lamp, or some pictures for the wall. My teacher Mr Ali is very good at making things. He shows me what to do.

Dear Ali,

How are things ? I'd like to tell you about a famous sculptor. Kapoor is a great artist. He was born in India. He studied art in the UK. He likes to use new shapes as well as different materials. He understands math well, and he also understands materials. He can make sculptures that will stay in a place for a long time. He uses stainless steel because it stays shiny and bad weather doesn't damage it.

Yours,
Omar

## Unit 2

### A description of a room

We moved into a new apartment last month. I'm happy because I have a new room. My new room is large, light and more comfortable. I share it with my brother, Hassan. We are always good friends. We have a long desk for PCs so we can do our homework in our bedroom. When we finish our homework, we can play computer games in our room. We watch cartoons with our friends, too.

### Amazing appliances

I think the blender is one of the most important appliances in the kitchen. It is made by a Polish -

American man. He is called Stephen. He put a sharp blade in the bottom of a tall glass. When the blade turns, it chops the food. He added a small motor turned the blade, which blended the food together. He used his new invention to make milkshakes.

### A strange day

I'd like to tell you about a strange day. Yesterday, it was a strange day. We had a power outage in our school. My class and I were looking at the interactive whiteboard. Suddenly, all the information disappeared. First, Mr Amr asked us all to sit in a circle and talk about the electricity. We knew that electricity is important in our lives. It was a really interesting discussion.

### A report about a special party

It's Grandma's birthday next week. We're organizing a special party for her. It'll be a big surprise if we don't tell her. First, we'll bring her a lot of presents. Next, mom is going to cook lots of special food. If the weather is not too hot, we'll all eat outside. I'm helping my sister to make a cake. Then, dad is buying some special decorations for the house. Finally, everyone will come to our house an hour before lunch. It's going to be great.

### Caring for your cat

Give your cat lots of attention so it feels safe. You should move your hand over its back, or under its chin. Cats love this! They like a warm, comfortable bed. Don't wake it up - cats need to sleep for about 15 hours every day! They like small meals at different times in the day. If you look after your cat well, you'll have a new furry friend in your life!

Hi Hana,

How are you ? Let me tell you about this special house. It was built from bricks and stone. My grandma lived here with her mom, and five brothers and sisters. There were eight people and only three bedrooms. The house is different now. The walls are of different color, but I think that's all. I'm glad it hasn't changed because I have such great memories of growing up here, too.

Yours,
Huda

Hi Taha,

I'm glad to send you this email. How are you and your family ? I send you this email to tell you about how to care for your turtle. These animals like to eat flowers and plants. Turtles need a very large space for their home. A bigger turtle needs a bigger space! They need clean soil to dig in, too. They also need a heat lamp to keep them nice and warm.

Yours,
Tarek

### Classrooms on the roof!

In Egypt, some classes have their lessons in a garden on the roof of the school! The Shagara at school project designs gardens and green roofs for

the school in Egypt. Green roofs are gardens on the top of a building. They bring nature into the city. They also clean and cool the air. They are great for the environment. This project teaches students and teachers how to plant a roof garden.

**My school week**

We go to school from Sunday to Friday. I have to wear a school uniform. My school uniform and shoes have to be neat. I often walk to school when it's dry and sunny. I sometimes get the bus with my friends. We do more interesting subjects, like ICT. I like using computers! School starts at 8 am and finishes at 3 pm. We have an hour for lunch. I usually bring lunch from home.

**School trips**

I think school trips are exciting learning experiences. We can learn a lot by visiting new places. When we learn about something in a classroom and then see it in real life, we understand it better.

In addition, school trips are often more interesting than only reading about things in books or watching videos. Finally, we can continue learning when we are back in the classroom after the school trip. We can do a project about what we saw on the trip.

**Green City School**

At Green City School, they want to help the environment. They use solar panels to make electricity. They recycle a lot of paper. They have a school garden to grow plants, vegetables, and fruit. It is a great place to learn about nature. The climbing frame in the eco-playground is made of recycled materials.

In the garden we grow our own flowers, fruit and vegetables.

Dear Laila,

How are things ? Let me tell you about our school club. Today we practiced inside for the first half hour. First, we had to run up and down the playground 20 times. Then we climbed a rope. That was really difficult. After that, we ran a 400 - meter race outside. I love running but it makes me very tired. After that, we played a game for 15 minutes. It was great. My team won! Join our club to learn a new skill and meet new people !

Dear Seleem,

How are you ? I'd like to tell you about studying the past and how it's useful. I believe that studying the past helps us understand the present. I think, we can learn a lot by studying the past. History helps us understand our society and other countries. Some people say that the present is more interesting than the past, but I don't agree. History is interesting and exciting. It is full of great stories and interesting people. Finally, history helps us learn from past mistakes so that we don't repeat the same mistakes in the future.

Yours sincerely,
Yasser

## A description of a friend

Tom is my best friend. He is 12 years old. He is from England. He is English. He is tall and wears glasses. He has short brown hair. He has got big green eyes. He can play football, but he can't play tennis. He loves reading and always has a book in his hand. His favorite color is yellow. His favorite food is pizza. He also likes pets. He has got a small puppy. He is friendly and nice. He is always happy.

## A personal profile

Hi everybody!

I'm Malek and I'm eleven. I live in Cairo and I go to El Salam School. I'm in grade 6. My best friends at school are Omar and Ali. We're in the same class. I have short dark hair and I wear glasses. I have a brother, Anas, and a sister, Malak. I'm really into sports. I love watching football games on TV with my dad. On the weekend, I often meet my friends in the park to play basketball. He records the most points, so everybody wants him to be in their team. I want to be an engineer. Write and tell me about yourself.

## A short story

It was Thursday afternoon and for Adam, this was the best day of the week. Adam went to a basketball club after school on Thursday. Today was special. Adam started playing wheelchair basketball six months ago and this was his first game as the captain of the team. The game started well. Adam's team was winning, until the last five minutes, when the other team scored two baskets. This was difficult. There were three minutes until the end of the game. Then two minutes... Suddenly, Mazen caught the ball and threw it to Hamza. Hamza quickly moved past two players and threw the ball to Adam. There were twenty seconds then he threw the ball high in the air and it dropped into the middle of the basketball net! Everyone cheered loudly! Adam's team won the match! What a great day !

| Subject : Communicating with people with hearing difficulties |

Hi Heba,

How are you ? Let me tell you about the best ways to communicate with people with hearing difficulties. First of all, if someone doesn't understand you from people with hearing difficulties, repeat what you said differently. Use American sign language. For example, you can put your hand on your forehead and move it away to say "Hello". If there is more than one person in a conversation take turns to talk. Make sure you are facing the person you are talking to and speak clearly.
Use pen on paper or whiteboards to write what you want to say. In a noisy place, move to a quieter one if possible.
See you soon.

Lots of love,
Hend

In 2017, classes at one school started going to their green roofs lessons. People at the project thought this was an amazed idea! In 2019, they built their first classroom on the roof. The desks are in the shade but there are no walls. Students and teachers have space and can see the flowers and plants.

messy - lump - bowl - sculptor - pottery

My class worked on a pottery project at school this week. We started with a lump of clay, and we chose what to make. I wanted to make sculptor First, the teacher showed us how to use a pottery wheel. Then it was our turn. We put on aprons over our clothes. When I put my clay on the wheel, it went fast. It was difficult, and I got messy.

## 6- Writing part:

### " Your opinion about "Are school trips important? "

Ideas to help you: (learn - change - interesting).

In my opinion, school trips are exciting learning experiences. First of all, we can learn a lot by studying the past. History helps us understand our society and other cultures because we learn about life in the past, important artists, scientists, and politicians. In addition, we learn about how and why life has changed over the years. Some people say that the present is more interesting than the past, but I don't agree. History is interesting and exciting because it is full of great stories and interesting people. Finally, history helps us learn from past mistakes so that we don't repeat the same mistakes in the future.

In conclusion, I think that studying history is an important part of our education. History helps us learn from the past and it helps us

### Your personal profile "

Ideas to help you: (name - age - school - hobbies).

Hi everybody!

I'm Malek and I'm eleven. I live in Cairo, and I go to El Salam School. I'm in grade 6. My best friends at school are Omar and Ali. We're in the same class. I have short dark hair and I wear glasses. I have a brother, Anas, and a sister, Malak. I'm really into sports. I love watching football games on TV with my dad. On the weekend, I often meet my friends in the park to play basketball. He records the most points, so everybody wants him to be in their team. I want to be an engineer.

Write and tell me about yourself.

### " A description for your home "

Ideas to help you: (move - share with - comfortable - play).

We moved into a new apartment last month. I'm happy because I have a new room. My new room is large, light and more comfortable. I share it with my brother, Hassan. We are always good friends. We have a long desk for PCs so we can do our homework in our bedroom. When we finish our homework, we can play computer games in our room. We watch cartoons with our friends, too.

## "Caring your cat"

Ideas to help you: : (attention - meal - comfortable - vet).

Give your cat lots of attention so it feels safe. You should move your hand over its back, or under its chin. Cats love this! They like a warm, comfortable bed. Don't wake it up cats need to sleep for about 15 hours every day! They like small meals at different times in the day. If you look after your cat well, you'll have a new furry friend in your life!

We stand together in the cold, black night,The sky is dark and far away. Everything is quiet and still, until – BANG!

The lights make the sky as bright as day. Rockets shoot up into the air, We shout and cheer, watching them fly. Colors burn brilliantly against the black, We see them dance happily through the sky. The sound fills my ears, as each rocket takes off, Exploding noisily with flashes of light. Beads of red, yellow, silver, and gold, Are beautiful jewels in the black night. With blasts so loud and rockets up high, A colorful fire against the stars.

The sky shines brightly with light and color, We hold our breath, looking out far.

## 3 Read the following text and answer the questions . 5m

I think the blender is the best kitchen appliance! If it's hot tomorrow, I'll make a smoothie with fruit and ice! I use it for making milkshakes with my mom. My mom uses it to make delicious soups, too. Did you know a Polish-American man called Stephen Poplawski invented the blender in 1922? He put a sharp blade in the bottom of a tall glass. When the blade turns, it chops the food. He added a small motor. The motor turned the blade, which blended the food together. He used his new invention to make milkshakes. Blenders are also useful in medicine. For example, Dr Jonas Salk was a famous scientist. In 1953, he used a blender to make a vaccine. His vaccine has saved millions of lives. People won't get sick if they have a vaccine.

Nowadays, the blender is a little different from the 1920s. There are blenders made of plastic, glass, and metal. Some blenders can heat food, too!

**Mom:** Really? That is strange! What did Miss Amira do?

**Mariam:** Well, first she got an extension cable and tried a different power socket, but that wasn't working either.

**Mom:** Oh no! So, there was no electricity! What happened?

**Mariam:** We couldn't do the lesson Miss Amira planned. So she asked us all to sit in a circle and talk about why electricity is important in our lives.

**Mom:** Let me guess – everyone thought it was important for computer games!

## 3 Read the following dialogue and answer the questions . 5m

In Egypt, some classes have their lessons in a garden on the roof of the school! The Shagara at School project designs gardens and green roofs for schools in Egypt. Green roofs are gardens on the top of a building. They bring nature into the city. They also clean and cool the air. That means that they are great for the environment. The project teaches students and teachers how to plant a roof garden. They learn about which plants grow well in the hot, dry weather. In 2017, classes at one school started going to their green roofs for lessons. People at the project thought this was an amazing idea! In 2019, they built their first classroom on the roof. The desks are in the shade, but there are no walls. Students and teachers have space and can see the flowers and plants.
The Shagara at School Project says roof gardens can help students in many city schools.

At Green City School, we are passionate about helping the environment. Come and find out why we are the greenest school in the city! New students and their families are welcome to join us for our Open Day on 25th May. Open day schedule:
9 am New students and families arrive at the school Presentation by the principal 10 am Tour of the school buildings.
First, see our new Green Library. Why is it green? Because all its electricity comes from solar panels on the roof Then, we head to the Recycling Room. This is where we can recycle paper, plastic, and other materials. Watch a demonstration about how we sort the waste from our classrooms After that, come and see our Eco-playground. The climbing frame is made mostly with recycled materials. There is also a nature trail around the playground,where we can learn about plants, animals, and insects
12 pm Enjoy a delicious lunch in our School Garden, where we grow our own flowers, fruit, and vegetables 1 pm Any questions? This is your chance to ask the Green School students and teachers!
There is a small car park, but we encourage you to walk, cycle, or come by bus!

My name's Dalia. I'm eleven, and I live in Alexandria. I go to school at Alex Modern School. It's a great school, and I have great friends.
I'm quite tall, and I have long brown hair. I wear braces. I have an older brother and an older sister, so they call me the baby of the family! I'm keen on walking with my family and friends, and the countryside near where I live is really amazing. I'm into photography. I like taking photos of all the beautiful things I see in the countryside. I also love listening to music from my country and all over the world. As well as this, I'm really into sports. I play volleyball at my local club, and we have games about once a month. On the weekend, I love going to the mall with my friends and family, and then I go to my grandma's to watch movies with her. We talk a lot, and she lives near my house, so it's easy for me to get home. I think a lot about the future, and I think I'd like to be a dentist, like my dad.

### Exam 1

Anish Kapoor is a sculptor. He was born in India in 1954, and moved to London, UK, to study art in 1973. He likes to use new and interesting shapes as well as different materials. Kapoor makes very large pieces of art for public places, and people can see his art all over the world.

### Exam 2

What can you make with a cardboard box?
Plastic bottles and lids? Try junk modeling! Use your creative and design skills to build a rocket, a ship, a car, or a house.

### Exam 3

If you prefer using technology, you could use your computer skills to make an animation. Moving pictures can tell a great story!
There are so many things you can do! How do you like to express yourself?

### Exam 4

We moved into a new apartment a month ago, and I'm so happy because I have a new bedroom!
I love my new room. It's a very light and comfortable room. I share it with my brother, Maged, and we're good friends.

### Exam 5

When we finish our homework, we can play computer games with our friends – that's a lot of fun! My favorite game is a building game. We watch cartoons with our friends, too.

### Exam 6

In my opinion, electricity is most useful in our free time. I love my laptop! I do my homework on it, then I play video games with my brother. I love to watch television with my grandma in the evening, too.

### exam 7

Green roofs are gardens on the top of a building. They bring nature into the city. They also clean and cool the air. That means that they are great for the environment.

### exam 8

In 2019, they built their first classroom on the roof. The desks are in the shade, but there are no walls. Students and teachers have space and can see the flowers and plants.

### Exam 9

I'm keen on walking with my family and friends, and the countryside near where I live is really amazing. I'm into photography. I like taking photos of all the beautiful things I see in the countryside.

### Exam 10

Many years ago, a herd of elephants lived in India. They were happy, and their leader, the queen, was the kindest and best of the elephants. During the day, it was very hot, and the elephants liked to swim in the lake.
